

FOR SELF-MANAGED CONDO BOARDS

Your Condo Manager

Everything your association needs. Nothing it doesn't.

THE PROBLEM

Self-managed condo and HOA boards run a real business on spreadsheets and email. Volunteers — not accountants — juggle bank accounts, owner ledgers, vendor invoices, and compliance deadlines across a dozen disconnected tools.

- Dues and reserves tracked in spreadsheets that don't reconcile to the bank
- Owner balances and payment history scattered across email threads
- Vendor invoices and work orders with no single record
- Compliance and meeting deadlines that slip because nobody owns the calendar

THE SOLUTION

Your Condo Manager is the single-pane platform built for self-managed boards — finances, governance, residents, and maintenance in one place, with no expensive management fees.

Financials & banking Connect accounts with Plaid, track dues and reserves, and reconcile every transaction. No spreadsheets, no surprises at audit time.

Compliance & governance Store governing documents, track board decisions and minutes, and stay ahead of deadlines with built-in reminders.

Board & owner workflow Run meetings, votes, work orders, and document sharing in one place. Owners get a portal to view their account and pay dues.

AI assistant, built in Ask anything — current balance, bylaws, payment history, amenity bookings — and get an instant answer.

PRICING

Simple, per-door pricing with no setup fees and no long-term contract. **Starting at \$X per door / month** — final tier confirmed at rollout.

WHY CONNECTICUT & DELAWARE BOARDS

- **Domestic, founder-led.** Built and supported in the US — not an offshore call center. You talk to the people building the product.
- **Aligned to your statutes.** Designed around Connecticut and Delaware common-interest-ownership requirements, so your filings and disclosures fit how your association actually operates.
- **Proven on a real association.** Currently in a live pilot with a Connecticut condo association (Cherry Hill Court) — real banking, real owners, real governance.

LET'S TALK

See whether Your Condo Manager fits your board. No pressure, no obligation — just a quick look at how it works for an association like yours.
